Principal's Ponderings

Sports Day and canteen BBQ

Wednesday 12th April sees the school community coming together as our students strive to do their best in pursuit of glory as 2017 Sports Day Champions of Seaford Rise Primary School. We wish them all the best.

I know the parent community will be highly visible on this day which is tremendous. Sports Day requires a team effort, therefore Hayley our Canteen Manager would dearly love some helpers to assist with the BBQ on the day. It is a huge job, and the saying "many hands make light work" certainly applies in this case. If you can help (even for 1/2 an hour) please contact Hayley or the front office.

Thank you

With this being the last newsletter for the term, I would like to take the opportunity to thank the school community for your encouragement and support during my first term at SRPS.

I also thank you for supporting our teaching and support staff in their daily interactions with your children. They give a lot of themselves, much of which goes unseen. Thank you staff.

Farewells

Finally, our thoughts are with Mrs Lord as she commences maternity leave at the end of the term and we wish her all the best. We also say farewell to Miss Cocks who is re-locating to Broken Hill.

SAPSASA NEWS

G'day G'day G'day Folks of Seaford Rise Primary School Community,

I write to inform you of the wonderful sportsmanship demonstrated by all the students of our school who participated in both the SAPSASA Swimming and Athletics Trials against other fellow schools in the local Onkaparinga North and South region. In the Swimming Trials, Jessica Noy has earned the opportunity to represent the Onkaparinga South region and made some personal bests in her swimming events. Well done Jessica! As for the

Athletics Trials at Tatchilla Lutheran College, it was a great day of friendly competition and sportsmanship.

Special thanks to the parents/carers who were able to assist with the transport and support throughout the day as it can get busy in amongst all the organisation.

Cheers Mr Mac :)

Last Friday, as part of I1's business and economics studies, students looked at needs and wants. Students identified shelter as a 'need'. We spoke of the necessities of a shelter- protective, watertight and big enough to accommodate at least 2 people. In groups, students' goal was to create a shelter using only the natural materials available in the creek opposite the school.

There was a lot of planning discussion, laughter and fun. Groups came up with some fabulous examples of shelters which addressed the criteria. A great way to spend a Friday

afternoon. Awesome behaviour by all students and a special thanks to our adult helpers and of course Darryl.

Well done everyone!
