Principal's Ponderings

OSHC

Good News ! Governing Council has approved the continuation of OSHC at Seaford Rise Primary School in 2018. In conjunction with our OSHC provider Camp Australia, there will be a makeover of the OSHC room plus additional resources being integrated into the program.

CAR PARK LIGHTING

We apologise for any inconvenience during the changing of security lighting in the car parks. The pole lights are being replaced as they have deteriorated over the years. They will be removed and new lighting installed over the next few weeks.

RECONCILIATION WEEK

Reconciliation is about Aboriginal and non-Aboriginal Australians talking, walking, and working together to overcome the reasons that there is division and inequality between Aboriginal and non-Aboriginal Australians.

In its broadest sense reconciliation is simply about bringing Aboriginal and non-Aboriginal Australians together.

National Reconciliation Week runs every year from 27 May – 3 June. These dates mark two milestones in Australia's reconciliation journey: The 1967 referendum and the historic Mabo decision.

This year to celebrate this we had a ceremony held in the school gym on Wednesday 31st May, the ceremony consisting of the Kurna welcome to country film clip, an acknowledgment of country done by our ATSI students, student explanation of reconciliation and its theme which this year is "let's take the next step", a performance by Cat Warren, A dreaming story Kondili the Whale was shown and to finish it off the whole school sang "Ridgey –Didge".
Jae Gillett (ACEO).

19 Master chefs

On Friday 26th 19 went to the Adelaide Central Markets as part of the Business and Economics Unit. We looked at different stalls as we will be designing and coming up with our own business. We also brought along money to purchase fruit and vegetables. This produce was going to be cooked the following week. Each group had to work together to select a recipe and then go through the stalls to purchase the produce. We left for the Market on the 9:06am train, the train ride took us about 60 minutes. We then arrived at the Adelaide Railway Station, all students, parents and Miss Athanasos got off and caught the Tram to Victoria Square where we sat for recess. From Victoria Square the students along with supervision and support from parents and Miss Athanasos split up into their cooking groups and walked over to the Adelaide Central Market. We had a task to complete as well as purchasing produce. Towards the end of the market experience we were walking out of the market to then see Jessie from a recent reality TV show. A particular group along with Miss Athanasos had a photo with Jessie much to everyone's delight. All students, parents and Miss Athanasos met back at Victoria Square to enjoy a lovely lunch. We then caught a tram back to the Adelaide Railway station to catch the Train to Seaford. Once arriving at the Seaford train station all students and Miss Athanasos walked back to school. This week we have been cooking the produce purchased last Friday. We have made a fruit salad, vegetarian lasagna, vegetarian pasta Bolognese, cherry and blueberry muffins along with banana muffins. All the students have been part of the cooking, eating and cleaning process. A fun experience had by all.

Katina Athanasos

We have had a confirmed case of chicken pox and mumps at the school. For everyone's health and well being if your child is unwell please keep them home. Children who have had gastro must be kept home for 24 hours after vomiting has ceased.

SAPSASA UPDATE Knock out Soccer

The boys team was defeated by McLaren Vale Primary School 7-1. Isiah Wortly kicked a fantastic goal. All the team played a great game. Well done boys.

Our girls team defeated Woodcroft Primary School 5 goals to 3. Goals were kicked by Kalahni Bissi (1), Elisha Rose (2) and Charlotte Jacob (2). A fantastic game. The team will now play the winner of Tatchilla and Port Elliott school.

WASH, WIPE, COVER... don't infect another!

PREVENTING THE SPREAD OF INFECTION

Common diseases such as colds, flu and tummy bugs can be spread in several different ways. Washing your hands, wiping down things you use, and covering your coughs and sneezes will help keep you and others healthy. If you are sick stay away from school until you are better.

WASH

Wash your hands often.

Thorough washing and drying of your hands is one of the best ways to stop the spread of germs.

Clean your hands often, but especially after going to the toilet.

Try not to touch your eyes, nose and mouth, or food until you have washed your hands.

Your hands should be washed with soap and warm running water for at least 10 seconds then dried with a clean cloth or paper towel.

You should wash your hands:

- before eating any food
- after going to the toilet
- after coughing, sneezing and blowing your nose
- after playing with pets

WIPE

Wipe things clean.

By wiping things clean you can remove most germs.

Wipe over the things that are shared with others, like sports equipment, calculators, toys/games.

Keep the area where food is eaten clean.

COVER

Cover coughs and sneezes.

Cover a cough or sneeze with a tissue or your arm, not with your hands.

Drop the used tissue immediately into a bin and then wash your hands.

If you do have to cough or sneeze into your hands, wash them straight away before touching anything else.

Remember to turn away from other people when you cough or sneeze.

DON'T INFECT ANOTHER!

Premier's Reading Challenge

Early bird Lucky Draw is on again. One lucky student from each class will

win a Premier's Reading Challenge Book.

All you have to do is complete your reading challenge sheet by week 8 of term 2 for your chance to be an Early bird Winner.

So get reading and good luck!

Head lice

We have had a few reported cases of head lice within the school.

Please check your child/children's hair regularly to prevent spreading.

We recommend using a head lice treatment and washing hats, pillow cases, bedding etc. Please check all member of the family. We have included an article on the back page with advice from the makers of KP24 for your information.

When we are notified by parents of a case—we will send a note out to the class to let parents know. Children may return to school after being treated.

Free Seminar

Attachment Connection & your child's behaviour

Please join Allie Ackland-Prpic, Child Psychologist & Hypnotherapist in a seminar to help you to understand how to build a positive connection to your child and how this can improve their behaviour now and in the future.

Still Mind Program

The course is for parents who would like to help in their child's class, go on excursions /camps or help out in the canteen.
Please register your interest at the front office.

Head lice outbreak at school

Dear Parent/Guardian, Following an outbreak of head lice in the area, the school is recommending that each child be thoroughly examined and treated at home. Please find below a summary guide of how to identify, treat and break the head lice cycle.

- Identification**
 - Check your child's hair for live lice and either yellowish white eggs (live nits) or brown or black eggs (dead nits)
 - Hatched eggs are white and flat, like grains of salt or dandruff
- Treatment**
 - Your local pharmacy should have KP24, a trusted brand in headlice treatment.
 - KP24 head lice treatments are available in 3 forms:
 - KP24 RAPID
 - KP24 Medicated Lotion & Foam
 - KP24 Advanced Natural Lotion Kit & Natural Mousse
 - Consult your pharmacist about which product is best suited for your child
 - Re-treatment should be carried out about 7 days after the first treatment to kill off any juvenile lice that may have hatched since the first treatment
- Elimination**
 - Remove eggs and lice by using KP24 Metal Comb and KP24 Egg Remover or KP24 Combing Solution
- Prevention**
 - Use KP24 Lice Spray to help prevent infestation
- Precaution**
 - Use KP24 Soaking Solution to clean all pillows, linen etc to avoid re-infestation

FAST! and effective head lice treatment

Entertainment Books

See Cheryl at front office to get your copy or go to www.entbook.com.au/162f986 to order your digital copy.

WINTER HAS ARRIVED!

Due to wet weather through winter months, it may be a good idea to pack a spare pair of clothes in your child's bag in case they get wet. We only have a small supply of emergency clothing. Any donations of trousers or track pants would be appreciated. Thank you.
